

MARCUS GARRETT

Born and raised in the great state of Texas, Marcus obtained a Bachelor of Arts in Business Administration after surviving the mean streets of the inner suburbs. A decade of professional experience as a Certified Internal Auditor combined with freelance writing on topics ranging from current events to love and relationships helped Marcus develop a unique qualitative and quantitative writing style.

As a Millennial, Mr. Garrett's exhaustive personal shortcomings are amplified by a sense of entitlement, apathy, and narcissism. He is predisposed to use sarcasm as a self-coping mechanism, and his inflated self-esteem is buoyed by participation trophies given to him without merit during his most impressionable years. Tragically, these many faults do not even include the untold but undoubtedly negative effects of rap music and the internet.

His book and website, DebtFreeOrDieTrying.com keeps readers entertained with cautionary tales and helpful tips for living debt free.
